

In the context of recent events, online classes and formal evaluations have been started for the Phase 1 MBBS students by the Dept. of Anatomy. All of these classes have been uploaded into the Google Classroom and the codes for accessing these video classes will be sent to students by respective faculties.

(The students are asked to download the Google classroom app from Google Playstore to their mobiles for this access)

The classes taken are as follows:

Date	Topic	Faculty	Format of online methodology
